

IN THE SENATE.

Silver Repeal Bill Reported From the Committee.

Senator Voorhees Will Call the Measure Up Next Tuesday.

A Substitute for the Bill Reported From the Minority of the Committee Fixing the Number of Grains of Silver at 444 2/3 Grain Per Dollar.

WASHINGTON, Aug. 19.—In the senate a motion to adjourn over until Monday was made on the democratic side, resisted on the ground of the necessity of action on financial measures, and finally withdrawn on Mr. Voorhees announcing that he would ask the senate to proceed with the consideration of the national bank circulation bill.

He then reported from the finance committee a bill to suspend the purchase of silver bullion under the Sherman act, with a declaration in the bill that it is the policy of the United States to continue the use of both gold and silver as standard money and to coin both gold and silver into money of equal intrinsic and exchangeable value.

A substitute for the bill was reported from the minority of the committee, Messrs. Harris, Vance, Jones (Nev.) and Vest, fixing the number of grains of silver in United States coins at 444 2/3 grain per dollar, and proportionately for minor silver coins.

The bill and substitute were ordered read and placed on the calendar, and Mr. Voorhees gave notice that he would call them up next Tuesday.

The senate then took up for consideration the bill to allow national banks to increase their circulation.

Mr. Allen (Pop.) argued in favor of his amendment to suspend the payment of interest on bonds on which the increased issue is based.

The finance committee was in session only an hour, and the matter of contention was over the wording of the bill, the committee having reached the conclusion Thursday that they would take the final action Friday.

A bill had been drawn by Senator Voorhees, and was put before the committee Friday morning in printed form, the text being in accordance with the suggestions of Thursday. The bill thus comes as an original measure, favorably reported, and quite probably as known as the Voorhees bill.

The votes by which it was reported are those of Chairman Voorhees, and Senators McPherson, McLean, Sherman, Allison and Aldrich—the last four named being republicans. The full text of the bill is as follows, omitting the enacting clause:

That so much of the act approved July 14, 1890, entitled "An act directing the purchase of silver bullion and issue of treasury notes thereon, and for other purposes," as directs the secretary of the treasury to purchase from time to time silver bullion to the aggregate amount of \$40,000,000 or so much thereof as may be required in each month at the price thereof, not exceeding 1.10 per centum of the face value, and to issue in payment for such purchases treasury notes of the value of each purchase, be and the same is hereby repealed.

And it is hereby declared that the policy of the United States is to retire the use of both gold and silver into money into equal interest and exchangeable value, and such equity be secured through international agreement, or by such safeguards of legislation as will insure the maintenance of the parity in the value of the two metals, and the equal power of every dollar at all times in the market in the payment of debts.

And it is hereby further declared that the effect of the foregoing section be and the same be directed to the establishment of such a safe system of internationalism as will maintain at all times the equal power of every dollar coined or issued by the United States, in the market and in the payment of debts.

Senator Voorhees will not, as he had originally intended, ask the senate to take a day for the vote on the bill. He said Friday morning that he did not think a vote would be had on it for some time, as there appeared to be a disposition on the part of senators to debate the measure for an indefinite time. He will call it up next Tuesday; at which time he will make a speech on the financial question generally.

ANOTHER SCHEME.

11 Is to Issue Currency Against Seigniorage on Bullion.

WASHINGTON, Aug. 19.—Of the many financial schemes proposed to speedily relieve the stringency in money, the one said to be regarded by treasury officials as the most practicable is the one to authorize the secretary of the treasury to issue currency against the seigniorage or profit upon the coinage of the silver bullion in the treasury.

There are now 130,000,000 ounces of silver bought under the act of 1890, and notes issued against the seigniorage on that amount would add nearly \$50,000,000 to the circulating medium. A large proportion of the notes are already printed and could be put in circulation, it is said, the treasury department has authorized the secretary to act.

Distillers Must Pay.

WASHINGTON, Aug. 19.—Attorney General Olney has decided that there is no power lodged in the secretary of the treasury, or any other officer of the government, to extend the time for the removal of domestic spirits from the bonded warehouses. This is the last step in the movement to obtain relief for distillers.

To Test Armor Plate.

WASHINGTON, Aug. 19.—A seventeen-inch armor plate, representing the barbed armor of the battle ship Oregon has received its baptism in the navy yard and will be sent to Indian head, Saturday. The plate will be tested early next week. A twelve-inch gun will be used.

Russian Hay and Straw Barred.

BERLIN, Aug. 19.—The Reichs-Anzeiger announces that after August 25 the importation of hay and straw from Russia will be prohibited. This is a sanitary measure taken to prevent the spread of cholera among the Russo-German frontier.

Isho a Bishopric.

ROME, Aug. 19.—The pope has raised the vicariate of Isho, U. S., to the dignity of a bishopric.

A NEAT SCHEME.

Charges are Made That Some of the Gaugers

In the Louisville Revenue District Had Gouged the Government

By Making Duplicate Charges—Several Distilleries Were in Collision With Them—Collector Johnson Refuses to Give Names—No Prosecutions.

LOUISVILLE, Ky., Aug. 19.—Chargers are being made that some of the gaugers in this revenue district had been gouged by the government by making duplicate charges, and that several distilleries were in collision with them. The plan of operation was stated to be as follows: An owner of spirits which had been gouged would allege that they were not the spirits which he had intended to have gouged, and, therefore, the gauging of another lot was necessary. When he was ready to withdraw the first lot another gauger would be placed upon it and the government, though compelled to pay for the first gauger, was required to reimburse the man who made the second gauge of the same liquor. The distillers' idea in entering into such a scheme is easy of analysis.

Having a crop of whisky on hand the quantity and quality of which he wishes to have a gauger to go to work and make out a report on the whisky. The distiller has all the facts for future reference, and by informing the collector that the wrong lot of whisky was gauged not only secures for nothing the information which he was after but also the gauger by giving him work during a time when otherwise he might have been idle. Ordinarily a distiller is required to pay extra for the gauging of spirits which he is not ready to withdraw and which he expects to have gauged a second time, but under the plan mentioned above he compels the government to pay the cash, while he reaps all the benefit. Ex-collector Scott, under whose administration these things are said to have been carried on, was asked about them Friday afternoon and denied the whole story.

It is said that Revenue Agent Hazard has made a report to the commissioner of internal revenue, and the latter has written to collector Johnson to correct the evil. Collector Johnson refuses to give names, and it seems that a prosecution of the guilty officers will not take place.

SHOT AT A PICNIC.

Mrs. Florence Ogden Receives a Wound Which Will Kill Her.

PARKERSBURG, W. Va., Aug. 18.—Mrs. Florence Ogden, widow of Arthur Ogden, who was killed by the great Newbury mine disaster a few years ago, was mysteriously shot at Gypsy Grove picnic grounds. Mrs. Ogden was on the dancing pavilion in company with a man named Shreve, when a shot was heard and she was seen to fall. Upon examination Mrs. Ogden was found to have been shot through the stomach, the ball passing into the ribs.

Shreve claims that the woman took the revolver from his pocket and shot herself, but it is asserted by others that she was endeavoring to prevent Shreve shooting a man named Thorne, with whom she was flirting and who was swinging about thirty feet distant. Another theory is that Shreve shot her on account of jealousy. Shreve was arrested and is in jail at Parkersburg. Mrs. Ogden's injuries are pronounced fatal.

Cholera in Germany.

BERLIN, Aug. 19.—Private reports from Posen say forty-three persons have been seized with cholera in that neighborhood, several of whom are dead. A special cholera ward has been established in the Moabit hospital near that city. There were several cases in it Friday, but no authentic case has been recorded so far.

The President Fishing.

BUZZARD'S BAY, Aug. 19.—President Cleveland and Mr. Bryant went fishing Friday. They started early in the morning and returned just before dark. They spent the day off Cleveland's ledge and had excellent luck. Mrs. Cleveland spent the day driving. The yacht Onondaga departed Friday for New York.

The Heat in London.

LONDON, Aug. 19.—The intense heat still continues. During Friday afternoon the thermometer registered 95 degrees in the shade and 130 degrees Fahrenheit in the sun. Numerous people have succumbed to the heat, and cars and horse loads fell dead in their tracks all over the city. Over one hundred of these were reported.

No Free Cotton Plank.

RICHMOND, Va., Aug. 19.—At 2:30 P.M. Friday morning the democratic state convention nominated R. Taylor Scott for attorney general amid a scene of great confusion. The plank which introduced the money and tariff plank of the national platform was adopted. All efforts to secure the introduction of a free cotton plank failed.

The Georgia Cotton Crop.

ATLANTA, Ga., Aug. 19.—Col. Nesbit, state commissioner of agriculture, completed his estimates for the cotton crop Friday. The crop which matured in Georgia in 1902 was between 850,000 and 875,000 bales. The crop which is now making is one or two points below last year's.

Hon. A. W. Beatty Dead.
